

Biodegradable

Biodegradable product, consume less energy in their preparation and are easily disposable to their end product being its constituent natural elements to be absorbed by the environment.

Energy Saver

Quality of using less energy to provide the same level of energy service hence proved to be cost-effective. All our products promote energy efficiency and will help in reduce and lower your utility costs.

Organic

Organic Products are made of all-natural, non-synthetic materials and is a part of the organic agriculture movement. This movement emphasizes farming and processing that work with nature and help minimize air, soil and water pollution.

Recycled and Handmade

Recycling involves processing used materials into new products to prevent waste of potentially useful materials, reduce the consumption of fresh raw materials, reduce energy usage, and helps in controlling air pollution and water pollution.

S.No.	Image / Product	Minimum Quantity	Description	Branding	Tentative Price-INR
1	 <p>The image shows a set of eco-friendly writing instruments. It includes a cylindrical cardboard case with the text 'Greenhill Estates' printed vertically.
