Clocky is a clock for people who have trouble getting out of bed. When the snooze bar is pressed, Clocky rolls off the table and finds a hiding spot, a new one every day.

NEVER OVER SLEEP AGAIN

Desk Clock - Clocky Alarm Clock

The patented alarm clock that jumps 3 feet from your night stand and runs away beeping!

Never oversleep again!

Stats show that 40% of people "abuse" the snooze.

Clocky never lets you oversleep again as he runs away and hides if you don't jump out of bed. When the alarm sounds, Clocky will wait for you to get up. If you hit the snooze button, Clocky will jump off of your nightstand (from 3 feet), and run around your room. Determined to get you up on time, Clocky's hip, innovative and charming.

The Sirius logo is located in the top left corner. It features the word "SIRIUS" in a stylized, purple, sans-serif font. The letters "S" and "R" are larger and more prominent, with the "I" and "U" being smaller. There are small, golden, star-like symbols above the "S" and "R".

SIRIUS

Clocky's wheels can be disabled if the user wants a conventional alarm clock. Snooze function can be adjusted from zero to nine minutes. Requires four AAA batteries (not included). Made of chrome-plated ABS plastic and rubber.
